1. Welcome to Adore SoftPhone

1.1 About Adore CallingCard Dialer for Android

Adore Softphone has come up with **"CallingCard Dialer"** for Android based Mobile phones. Android calling card soft phone lets the caller's Automatic dial the access number, Pin of prepaid card and Destination Number. The Android dialer is meant for service providers who can use this CallingCard dialer and get it integrated with their existing CallingCard server. It works just like standard CallingCard i.e. you may make a long distance phone call using a calling card or dial-through service .There is no need to remember your access numbers, CallingCards or PINs

1.2 Features

- Customized with company name / logo
- Unlimited user license
- Manage Number of calling cards
- Highly Flexible and fully automated
- Easy to use: Access number & pin of prepaid card can be predefined, users doesn't need to enter again.
- Phone Book (Synchronize with Phone Address Book)
- Call Status Indicator
- Save / Edit / Delete of Card Details, Card Name, Access Number, PIN, Pause, Prefix
- Work with all standard Calling Card Server
- Any Device which support Android (1.5, 1.6, 2.1, 2.2, 2.3, 3.0)
